about us.

our history

With 25 years of professional experience, I began my career in Russia, working under Enka İnşaat ve Sanayi, a renowned construction company. During my time there, I was involved in a wide range of renovation and construction projects, going beyond just flooring to gain extensive hands-on expertise in the industry.

After moving to Calgary, Alberta, I continued honing my craft, working with companies such as KBM, ONE Flooring, and Total Home since 2022. Through these experiences, I have built a reputation for quality workmanship, reliability, and attention to detail, which now form the foundation of Ebrar.S. Renovation Ltd.
